

Academic Booster Club

LET'S LEARN 2021
Summer Program
June 28th - July 16th
No Sessions July 2nd & July 5th
9:15 – 10:30 am
10:30 – 11:45 am

About Let's Learn

This year the program is being offered to children who are currently in grades kindergarten through fifth.

The emphasis is on activities that are fun and educationally challenging. No tests or grades are given. All of our instructors are certified teachers.

Class size is generally limited. Courses this year will be held at Nutley High School. Two periods are held daily, the first from 9:15 a.m. to 10:30 a.m. and the second from 10:30 a.m. to 11:45 a.m. Students are escorted from class to class.

We care about the health and safety of your children, your families and our community. With guidance from the CDC, NJDOH and local health officials, we will implement hygiene measures to help ensure the health and safety of our students and staff throughout the program and limit risks related to COVID-19.

Registration Information How to Register

Registration can be done by mail or online, post-marked or date stamped no later than June 12th. Children may register for one or two classes. Class rosters will be filled as registrations **and payment** are received. Given the limited class sizes and the popularity of the program, the first choices of applicants cannot always be satisfied. **Acceptable alternate choices should be indicated. In case of low enrollment, a class may be canceled.**

Notification of course assignments will be made in June. That is when checks will be cashed. A late fee of \$10 will be charged on all applications received after June 13th.

General Information

Parents are responsible for transporting students to and from school. Attire is casual and comfortable. The general rules of student conduct that apply to the Nutley school system apply here.

PLEASE NOTE

***For safety reasons students must wear foot apparel that closes around the foot.
No flip flops.***

***Students will be required to wear masks.
Please have a spare mask.***

ABC Membership

Join us! The Academic Booster Club works to foster a love of learning in Nutley's school-age children, sponsoring programs like Let's Learn, the Science and History Fairs, Poetry Fest and scholarships for Nutley High graduates. Annual membership is \$15. Send a check to:
ABC, PO Box 592, Nutley, NJ 07110.

Current Grades K – 2

Animal Adventures

Are you an animal lover? Then you'll go wild for this class about the furry, feathered, and finned friends we share our world with. We'll be reading books about animals, producing animal journals based on our readings, using technology to learn more about the animal world, and creating a variety of great animal crafts, from puppets to masks.

Instructor: Mrs. Servidio

Meet the Artists

Imagine an eye in the middle of your face. Think about painting while lying on your back or spinning pottery in a Pueblo village. You'll do all of it – and more – in this multi-sensory art appreciation class. Meet Picasso, Michelangelo, Monet, and others as you explore great art periods and create unique artworks of your own.

Instructor: Ms. Quigley

Tracking Dinosaurs

Wonder what it was like to live in the "land before time" with the dinosaurs? Get ready to travel back millions of years to discover what those prehistoric giants were really like. We will become paleontologists as we measure the length of actual dinosaurs, put together dinosaur skeletons, create an erupting volcano, explore and dig for fossils, play Triassic trivia, and create dino-riffic crafts.

Instructor: Mrs. Branin & Ms. Rizzo

Drama Workshop 1

Ever dream of being on stage, standing in the spotlight and taking a curtain call to thunderous applause? Well this is your chance. Learn voice projection, movement, mime, improvisation, and character development. You're going out there a kid in a Let's Learn summer course. But you are coming back a star! **Please NOTE in order to have a part in the performance students must attend through the last week.**

Instructor: Ms. Dente

Surprising Science

Think you can balance ten nails on one? Ever captured a cloud in a bottle? Can you make a rocket out of a balloon? If you're up to these challenges – and many more – come join us for this hands-on class of science discovery.

Instructor: Ms. Hunton

Current Grades 1-2

Engineering for Everyone!

This fun, hands-on class proves that kids are natural engineers. You will use your curiosity and imagination while learning what real engineers do. See how high you can build a tower using only marshmallows and spaghetti; have fun making a real, working robo-arm out of everyday materials, use Bee-bots to develop your programming skills; and much more! You'll follow the engineering design process of asking, imagining, planning, creating, and improving.

Instructor: Mrs. Pucci

Experiment with Cooking

Ever wonder how fruit becomes jam, or milk turns into cheese, or ice cream thickens as it cools? Is it cooking, or is it science? Come learn both in this cool science-and-cooking class. We'll be preparing simple recipes while making connections to science and math and stirring up healthy appetites. **Please tell us beforehand about any food allergies. A \$10 materials fee will be due on the first day of class.**

Instructor: Mrs. DiPrimio

Current Grades 3-5

Tech Tool Creations

Want to learn more about creating a virtual reality environment? What about learning how to create a 2D game? Then step right up, this class is for you. Embark on an exciting adventure into the world of technology where you can use your imagination and become the creator!

Instructor: Ms. McNish

Animating with Technology

Calling techies! In this class you will engage in computer generated-projects creating your own animations, trying your hand at filmmaking, breaking out of "digital escape rooms, and more! Come explore and let your creativity come to life!

Instructor: Ms. Fazzini

***Awesome Art**

Are you an artist at heart? In this fun and highly creative class, you'll experience the endless possibilities of self-expression through a variety of media and artistic techniques. Individually and in small groups, we'll be creating awesome art this summer!

A \$5 materials fee will be due on the first day of class.

Instructor: Mr. Behrens

***The Ocean Wave**

Dive in deep with some cool STEM projects and discover the secrets of the ocean. Why don't sharks sink? How deep is the ocean? How do fish breathe underwater? Head under the sea to explore ocean zones, marine animals and more with hands-on ocean science activities.

Instructor: Mrs. Nolasco

Cooking 2

Learn how to cook with a real chef and discover how to present your dishes with flair. You'll have flavorful fun as you learn about time management, safety, and careful food preparation (and hone math skills in the process). A variety of exciting recipes will be covered, so bring your appetite.

A \$10 materials fee will be due on the first day of class.

Instructors: Mr. Huggins/Mr. Gulardo

Drama Workshop 2

To be or not to be? That is not the question. The question is: Can't you hear the audience calling you back? It's time to put on the face paint and pull on your costume. You're going to feel the spotlight on your face. Encore! Encore! Join the others and refine your stage skills. **Please NOTE in order to have a part in the performance students must attend through the last week.**

Instructor: Ms. Dente

** Denotes new course*

Supplies

To limit the sharing of items we ask that students please bring each day, a pencil case with crayons, pencils, scissors, and a glue stick.

Please pack a spare mask.
