

**LET'S LEARN 2022**

Summer Program  
**Jne 27th - July 15th**  
9:15 – 10:30 am  
10:30 – 11:45 am

**About Let's Learn**

The program is offered to children who are currently in grades kindergarten through six.

The emphasis is on activities that are fun and educationally challenging. No tests or grades are given. All of our instructors are certified teachers.

Class size is generally limited to twelve students. Courses this year will be held at Nutley High School. Two periods are held daily, the first from 9:15 a.m. to 10:30 a.m. and the second from 10:30 a.m. to 11:45 a.m. Students are escorted from class to class.

***Drop off and Pick up Information will be included with the class assignment letter that is sent out in June.***

We deeply care about the health and safety of your children, your families, our educators, and our community. With guidance from the CDC and local health officials, we will implement hygiene measures to help ensure the health and safety of our students and staff throughout the program and limit risks related to COVID-19.

Registration Information  
How to Register

**Grades for classes are based on the grade the child will be entering in September of 2022.**

Registration can be done online or by mail, post-marked or date stamped no later than June 4th. Children may register for one or two classes. Class rosters will be filled as registrations **and payment** are received. Given the limited class sizes and the popularity of the program, the first choices of applicants cannot always be satisfied. **Acceptable alternate choices should be indicated. In case of low enrollment, a class may be canceled.**

Notification of course assignments will be made in June. That is when checks will be cashed. A late fee of \$10 will be charged on all applications received after June 6th

General Information

Parents are responsible for transporting students to and from school. Attire is casual and comfortable. The general rules of student conduct that apply to the Nutley school system apply here.

***PLEASE NOTE***

***For safety reasons students must wear foot apparel that closes around the foot.  
No flip flops.***

ABC Membership

Join us! The Academic Booster Club works to foster a love of learning in Nutley's school-age children, sponsoring programs like Let's Learn, the Science and History Fairs, and scholarships for Nutley High graduates. Annual membership is \$15. Send a check to:  
ABC, PO Box 592, Nutley, NJ 07110.

### **Grades in September 1 – 3**

#### **Benvenuti in Italia!**

Come and enjoy a beautiful tour of Italy a magnificent country. We'll "travel" to cities such as Rome, Pisa, and Venice, as well as speak and sing songs in the beautiful language. You'll even get to enjoy the delectable margherita pizza and gelato. Get your passport ready! Ciao!

**Instructor: Ms. Dente**

#### **Animal Adventures**

Are you an animal lover? Then you'll go wild for this class about the furry, feathered, and finned friends we share our world with. We'll be reading books about animals, using technology to learn more about the animal world, and creating a variety of great animal crafts, from puppets to masks. **Instructor: Mrs. Servidio**

#### **Meet the Artists**

Imagine an eye in the middle of your face. Think about painting while lying on your back or spinning pottery in a Pueblo village. You'll do all of it – and more – in this multi-sensory art appreciation class. Meet Picasso, Michelangelo, Monet, and others as you explore great art periods and create unique artworks of your own.

**Instructor: Ms. Quigley**

#### **Drama Workshop 1**

Ever dream of being on stage, standing in the spotlight and taking a curtain call to thunderous applause? Well this is your chance. Learn voice projection, movement, mime, improvisation, and character development. You're going out there a kid in a Let's Learn summer course. But you are coming back a star! **Please NOTE in order to have a part in the performance students must attend through the last week.** **Instructor: Mrs. Rella**

#### **Surprising Science**

Think you can balance ten nails on one? Ever captured a cloud in a bottle? Can you make a rocket out of a balloon? If you're up to these challenges – and many more – come join us for this hands-on class of science discovery.

**Instructor: Ms. Hunton/Ms. Freedman**

#### **\*Mindfulness, Movement, and Creativity**

Let's craft our way into mindfulness. Using your inner creativity, we will design crafts to use as tools to re-ground your movement and attention. We will practice yoga stretching, and relaxing our minds. Join us to become aware of mindfulness and take a restful break from the busyness of daily life.

**Instructor: Mrs. Branin and Ms. Rizzo**

### **Grades in September 2-3**

#### **Engineering for Everyone!**

This fun, hands-on class proves that kids are natural engineers. You will use your curiosity and imagination while learning what real engineers do. See how high you can build a tower using only marshmallows and spaghetti; have fun making a real, working robo-arm out of everyday materials, use Bee-bots to develop your programming skills; and much more! You'll follow the engineering design process of asking, imagining, planning, creating, and improving.

**Instructor: Mrs. Pucci**

#### **Experiment with Cooking**

Ever wonder how fruit becomes jam, or milk turns into cheese, or ice cream thickens as it cools? Is it cooking, or is it science? Come learn both in this cool science-and-cooking class. We'll be preparing simple recipes while making connections to science and math and stirring up healthy appetites.

*Please tell us beforehand about any food allergies, as we'll be sampling our homemade creations.*

*A \$10 materials fee will be due on the first day of class.*

**Instructor: Mrs. DiPrimio**

#### **\*Let's Move!**

School's out, but the fun is not! Let's build new skills, with new friends, while learning how to be a good teammate. Let's work on our team and motor skills while working in cooperative groups. Competition will be a blast but working together is even better! Learning new games along the way will surely keep us sporting summer fun! Let's move!

**Instructor: Mr. Ritacco**

### **Grades in September 3-4**

#### **American Girl Fashion**

Would you love to learn to create some of your own fashions to dress your American Girl doll? Come learn the basics of sewing! You'll master the ins and outs of hand sewing, cut out a pattern, create your own fabric embellishments, and even try using a sewing machine. You will be able to make a doll's dress, pajamas, poncho, and more. *(Limited Class Size)*

*A \$5 materials fee will be due on the first day of class.*

**Instructor: Mrs. Rabbia**

### **Grades in September 4-7**

#### **Tech Tool Creations**

Want to learn more about creating a virtual reality environment? What about learning how to create a 2D game? Then step right up, this class is for you. Embark on an exciting adventure into the world of technology where you can use your imagination and become the creator!

**Instructor: Ms. McNish**

#### **Super Summer Scientists**

Do you wonder how things work? Would you like to design and build amazing constructions? You'll do both in this exciting class, where we'll create a rollercoaster that really works, water beads, a catapult, a lava lamp, a Coke-and-Mentos geyser, and lots more.

**Instructor: Ms. Ovchinnikoff**

#### **Amazing Art**

Are you an artist at heart? In this fun and highly creative class, you'll experience the endless possibilities of self-expression through a variety of media and artistic techniques. Individually and in small groups, we'll be creating awesome art this summer!

*A \$5 materials fee will be due on the first day of class.* **Instructor: Mr. Behrens**

#### **\*Sew For Yourself!**

In this fun and creative class, you will learn some hand sewing techniques, how to cut and use a sewing pattern, and how to use a sewing machine. You will create your own initial pillow and pajama pants! You will also make some accessories like scrunchies, and a beach cover up! Come get creative! *(Limited Class Size)*

*A \$5 materials fee will be due on the first day of class.* **Instructor: Mrs. Rabbia**

#### **\*Kids in Business**

Have you ever wondered what it would be like to own and operate your own business? Learn how administrative business operations and the production of products for sale come together to establish a student run company. Using different arts and crafts techniques, items will be made marketed and SOLD at a Let's Learn event.

**Instructor: Mrs. Rubino**

### **Grades in September 4-7**

#### **Cooking 2**

Learn how to cook with a real chef and discover how to present your dishes with flair. You'll have flavorful fun as you learn about time management, safety, and careful food preparation (and hone math skills in the process). A variety of exciting recipes will be covered, so bring your appetite.

*A \$10 materials fee will be due on the first day of class.*

**Instructors: Mr. Huggins/Mr. Gulardo**

#### **\*AND.....Action!**

Do you like to make videos? Then this session is for you! In this class, students will work together to create and edit their own video based projects such as animations, slideshows, skits, and more. Come explore and let your creativity come to life!

**Instructor: Ms. Fazzini**

#### **The Ocean Wave**

Dive in deep with some cool STEM projects and discover the secrets of the ocean. Why don't sharks sink? How deep is the ocean? How do fish breathe underwater? Head under the sea to explore ocean zones, marine animals and more with hands-on ocean science activities. **Instructor: Mrs. Nolasco**

#### **Drama Workshop 2**

To be or not to be? That is not the question. The question is: Can't you hear the audience calling you back? It's time to put on the face paint and pull on your costume. You're going to feel the spotlight on your face. Encore! Encore! Join the others and refine your stage skills. **Please NOTE in order to have a part in the performance students must attend through the last week.**

**Instructor: Ms. Dente**
